

Master Courses in Soil Fertility and Chemistry

Semester	Course	Credit
1	Advanced Soil Chemistry	3
	Advance Statistical Methods	3
	Biological Interaction of Soil and Plant	3
	Hydroponics and Green House Plantation	2
2	Advanced Soil Fertility	3
	Research Methodology	2
	Plant Nutrition Management	3
	Advanced Plant Physiology	2
	Soil Testing and Plant Analysis	2
3	Seminar	1
	Chemical and Organic Fertilizers Production and Use Technology	2
	Thesis	6
4	Thesis	6
